Ezomon Glory

Frontend Engineer

I'm a frontend developer with a strong foundation in HTML, CSS, and JavaScript, and over 2 years of expertise in React.js, Next.js, and TypeScript. Proficient in Node.js, Express.js, and MongoDB, with a year of backend experience. Skilled in crafting elegant, user-friendly web applications, ensuring top-notch performance and accessibility. Eager to contribute to innovative projects and continue to grow as a developer

EXPERIENCE

ITMB PLC, Nigeria

Jan - Feb 2023 (CONTRACT)

- Contracted to convert a complex design for a banking project into a fully functional HTML and CSS template, facilitating the seamless transition from design to implementation, ensuring the bank's digital presence aligns with their branding and user experience requirements

Devnaija Academy, Nigeria

Aug - Dec 2022 (FULL TIME)

- Collaborated with a backend developer to revamp the company's website, resulting in a remarkable 50% increase in customer engagement. This included enhancing the user interface, optimizing performance, and ensuring a responsive design.
- Led the web development team as the lead instructor, providing expert guidance and mentoring to individuals new to tech, facilitating their transition into frontend development roles.

Ojarh Properties, Nigeria

Jul - Sept 2022 (CONTRACT)

- Contracted to develop the frontend for a property agency, where I collaborated closely with backend developers to design, develop, and implement the frontend, creating a seamless and visually appealing user experience for the agency's online platform.

Bini(Native)

Megatek ICT, Nigeria

Jan - Jun 2022 (INTERN)

- Supported the instructor in teaching HTML and CSS, aiding in the delivery of educational content and enhancing students' web development skills.

- Contributed to the development of a gaming website by writing JavaScript code snippets, assisting in creating interactive features for an engaging user experience.

- Independently designed and built a movie reservation website, honing proficiency in CSS Flexbox and Grid layouts while delivering a practical and functional web application.

EDUCATION

University of Benin, Nigeria

OCT 2018 - SEPT 2023

Bachelor of Computer Science
